

Legislative Session Management

Make legislative decisions with modern digital meeting management and online voting through one central, flexible program that integrates with existing hardware and software.

Decisions, Not Process

Focus on the **debate, vote, and participants**, not the process that **enables decisions**.

Streamline Meeting Preparation and Communication

Prepare, run, and close out meetings faster. **Reduce errors**, increase communication and **transparency** to legislative participants and the public.

Debate Management

Track requests to speak, **manage** speaking time, and **control** participant microphones from **one central platform**.

Vote Management

Secure **digital vote management**, vote record, and personal vote history.

User-Friendly

Flexible set-up and **configuration** of your legislative rules, and **intuitive** to use.

Mobile Friendly

Enable location and **device-agnostic** legislative participation. Fully participate **anywhere in the room**, using **portable devices**.

Seamless Integration

Integrates with **existing** hardware, agenda management software, and databases for a **one-stop digital meeting management solution**.

Secure

Ensure **data integrity** and transmission of information with **military-grade encryption and authentication**.

Accessibility Compliance

Compatible with **assistive technology** to increase **ADA compliance**.

Increase Mobility

Device-agnostic in-chamber display output and webcasting integrations allow **instant and transparent communication** both in chamber and to the public. Automatically push historical meeting minutes to members and the public.

Go Paperless

Securely manage **online voting, vote records**, and **meeting minutes**.

"We are one of the **largest city councils** in the country. ScytI shares our goal to make Metro Nashville legislative meetings a **streamlined, paperless process**. Their team is **solution-driven, efficient**, and customer focused. Amazing partner."

-Shannon Hall

Metropolitan Clerk, Metro Nashville and Davidson County

About ScytI

Simplify Your Elections

Voter Education

Expand voter outreach through a custom web experience. Constituents can view sample ballots, find their precinct and polling location, and more.

eBallot Delivery

Secure ballot delivered to remote voters, increasing access and efficiency. Choose from simple ballot downloads to allowing voters to mark their ballots onscreen, and return their ballots electronically.

Election Night Reporting

Provide realtime election results visually with maps and charts, perfect for social sharing and consumption.

Online Election Worker Training

Provide election workers a consistent interactive training program, available on their personal internet connected devices, at home or on the go.

Election Worker Management

Streamline recruitment, hiring, training, and scheduling through one simple solution. Optimize repeat worker deployment with digital evaluation records.

Legislative Session Management

Make legislative decisions with modern digital meeting management and online voting through one central, flexible program that integrates with existing hardware and software. Increase in-chamber portability, and reduce paper waste.
