

Online Voter Education

Expand voter outreach through a custom web experience. Constituents can view sample ballots, find their precinct and polling location, and more.

“The combination of Scytl Voter Education and Scytl Election Night Reporting has significantly **simplified and reduced the burden** we face in the days leading up to the elections and on Election Day. Scytl Voter Education helped our office provide our constituents **a simpler way to find their voter information, [and] polling place locations.**”

Christine Giordano Hanlon
Monmouth, NJ County Clerk
