

Election Night Reporting Lite

Award-winning, secure Election results.

Multilingual | ADA Compliant | User-Friendly | Easy Social Sharing

FOR YOUR CONSTITUENTS

Voters in the U.S. followed election returns online

- Optimized for desktops, tablets, and smartphones
- Detailed maps and visual reporting
- Data drill-down at the county and precinct levels
- Multi-language platform
- ADA and WCAG AA 2.0 compliant

“ For each election, the AP Election Research and Vote Tabulation team needs to quickly and efficiently collect accurate election data at all levels of granularity. **When a state or county uses Scytl’s Election Night Reporting Solution, the data is easy to find and understand**, allowing us to more quickly share election night results with AP member news organizations, election subscribers and the public. ”

Don Rehill
Director of Election Research and Vote Tabulation | Associated Press

FOR YOUR STAFF

- Increase **public trust** and **transparency** with online access to current election results
- Reduce the number of **requests for information**
- Auto-send **reports to media** with each data update
- Security protocol **ensures data authenticity** and integrity
- **Compatible** with most tabulators and legacy infrastructure
- **Scalable** technology ensures coverage during **critical periods**
- Option to add on client support and on-call **24/7 monitoring on Election Night**

SECURITY IS OUR PRIORITY

INFRASTRUCTURE

- Secure cloud service platform built on sound network infrastructure
